

PLATINEX ANNOUNCES LOI TO ACQUIRE INLOVE CORP.

Toronto, Ontario, June 7, 2019 - Platinex Inc. (CSE: PTX) (the "**Company**" or "**Platinex**") is pleased to announce that it has entered into a non-binding letter of intent ("**LOI**") to acquire InLove Corp. ("**InLove**").

About InLove Corp. and Todd Shapiro

InLove is a Toronto-based company focused on acquiring, developing and marketing cannabis-infused personal and partner use intimacy products. InLove will work exclusively in jurisdictions where such products are permitted by state regulation and exclusively with or through entities which have achieved requisite licensing that's required by applicable regulations, initially targeting Nevada and California markets.

InLove is founded and led by Todd Shapiro, a well-known Canadian Personality and a Toronto-based media and marketing entrepreneur with over 20 years of experience in both industries. Todd Shapiro is the host of The Todd Shapiro Show, broadcasting from Toronto, New York and Los Angeles which airs on SiriusXM's Canada Talks Channel 167 and is widely followed by listeners across Canada and the US. Todd Shapiro's podcast (<http://thetoddshapiroshow.com/>) is successful as well, having won best new podcast on iTunes in 2014. Todd has worked and continues to work with a number of world-renowned brands (including Canadian Tire, Samsung, Canopy Growth, Budweiser, Subway Restaurants, Pizza Pizza, Enthusiast Gaming, Boveda and others, including recently collaborating on his own beer with Lake Wilcox Brewing called the Oomph Lager.)

Todd is a social media influencer attuned to the latest trends in media and marketing. Todd is a creative 'out of the box' thinker, an engaging talent and a compelling/genuine brand ambassador instantly recognized in the celebrity circles. Todd is also a Talent Agent to some of the world's biggest YouTube Stars. Todd serves as a director of Graph Blockchain, a publicly traded technology company on the CSE, an Honorary Chair for the Road Hockey To Conquer Cancer for the Princess Margaret Cancer Foundation and is committed to helping Polar Bear International and CAMH charities.

Todd's vision is to apply his experience and reach in marketing and media and employ innovative ways of how consumer products are advertised, distributed and positioned to this segment of the cannabis market. InLove aims to offer innovative, sex positive CBD and eventually THC products with branding, celebrity/influencer support and revolutionary marketing strategies making it a potential candidate to partner with conventional intimacy product companies looking to capitalize on the growth of the cannabis industry worldwide. InLove's goals include the creation of the first ever Cannabis Positive + Love Positive Social Media Tool ending all stigmas while promoting love, acceptance, trust, fluidity and togetherness.

InLove aims to employ marketing technologies, which have not been fully utilized by the players in the cannabis-infused intimacy products space to gain entry in the market segments, which have not yet been tapped due to stigma associated with cannabis and taboo-like attitudes towards intimacy products in general. Technology innovation, the marketing aspect and product development are InLove's focus for staying on top of market trends in the segment and deliver the solutions that satisfy changing consumer's preferences including being proudly InLove with intimacy while embracing their choices without stigmas.

The Acquisition will be subject to a number of conditions, including but not limited to the following ("**Conditions Precedent**"): i) due diligence from each; ii) entering into a Definitive Agreement; iii) obtaining approval of the Acquisition by InLove shareholders (if required); iv) Platinex obtaining requisite CSE and shareholder approvals to complete the Change of Business¹ ("**COB**") and completing the COB; v) Platinex completing a financing in the minimum amount of \$500,000²; vi) InLove completing a Concurrent Financing (as hereinafter defined); vii) InLove completing and delivering a financial audit; viii) parties completing all required consents and approvals to consummate the Acquisition; and ix) InLove securing certain rights, intellectual property and consulting agreements with key management. As of the date hereof, the Company has 98,181,595 Platinex Shares issued and outstanding, and is in the process of completing a financing ("**PTX Financing**"), as announced in the Company's press release dated May 23, 2019), which may result in issuance of a minimum of 10,000,000 Platinex Shares and 10,000,000 warrants exercisable into Platinex Shares at a price of \$0.10 per Platinex Share. Assuming that the PTX Financing is fully subscribed, and the Acquisition is completed on the basis described in this release, the current shareholders of Platinex Shares (including the subscriber in the PTX Financing) will own approximately 65.4% of the resulting entity post-Acquisition and the current shareholders of ILC will own approximately 34.6% of the resulting entity post-Acquisition.

Prior to completion of the Acquisition, InLove is expected to complete an equity financing of at least \$750,000 to a maximum of \$2.5 million ("**Concurrent Financing**") and the securities issued pursuant to the Concurrent Transaction will be acquired by Platinex as a part of Transaction Consideration, in exchange for corresponding securities of Platinex.

The Acquisition is not a non-arm's length transaction. There are no finder's fees to be paid in connection with the Acquisition.

As a part of the Acquisition and subject to completion of the Platinex Financing and any regulatory approval, Platinex has agreed to provide ILC with a secured loan of a minimum of \$200,000 and up to \$500,000, provided that none of the proceeds of the loan will be used to conduct regulated cannabis business prior to Platinex completing the COB. As a recently incorporated entity, there is no significant financial information available at this stage with respect to InLove.

As announced in the Company's press release dated June 4, 2019, Platinex is in the process of completing the COB and is currently operating as a mineral exploration issuer, under the policies of the CSE. The Company has significant restrictions on carrying out business in the cannabis industry, prior to completion of the COB, which means the consummation of the Acquisition can only occur after the COB. There is no assurance that the Company will be able to secure such approvals or raise sufficient financing to carry out the business to be described in the disclosure document to be prepared in connection with the COB on the terms favorable to the Company or at all.

If the Company is successful in completing the COB, the Acquisition remains subject to a number of conditions, including the Conditions Precedent, review and approval of the CSE and securing the Concurrent Financing. There is no assurance that the Acquisition will be completed on the terms described in this press release or at all.
