1. NATURE OF OPERATIONS AND GOING CONCERN

Platinex Inc., which together with its subsidiaries is collectively referred to as the "Company" or "Platinex", is a Canadian company whose business activity is the exploration and evaluation of mineral properties in Canada. Platinex was incorporated under the Ontario Business Corporations Act on August 12, 1998.

Until March 22, 2017, the Company was listed on the TSX Venture Exchange, having the symbol PTX-V, as a Tier 2 mining issuer. Effective March 23, 2017, the Company is listed on the Canadian Securities Exchange, having the symbol PTX. The address of the Company's corporate office and principal place of business is 807-20 William Roe Blvd., Newmarket, Ontario, L3Y 5V8, Canada.

These condensed interim consolidated financial statements were approved and authorized for issue by the Board of Directors on August 18, 2021.

For the six months ended June 30, 2021, the Company generated a net loss of \$665,425 (six months ended June 30, 2020 - \$146,754), has an accumulated deficit of \$12,111,096 as at June 30, 2021 (December 31, 2020 - \$11,445,671) and has negative cash flow from operations amounting to \$454,980 for (six months ended June 30, 2020 - \$60,074).

Management estimates that the funds available as at June 30, 2021 may not be sufficient to meet the Company's obligations and budgeted expenditures through December 31, 2021. The Company will have to raise additional funds to continue operations. The Company is pursuing financing alternatives to fund its operations and to continue its activities as a going concern. Although there is no assurance that the Company will be successful in these actions, management is confident that it will be able to secure the necessary financing through the issuance of new debt and equity.

Commencing in March 2020, the outbreak of the novel strain of coronavirus known as "COVID-19" has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 pandemic is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Company.

Although these condensed interim consolidated financial statements have been prepared using International Financial Reporting Standards ("IFRS") applicable to a going concern, the above-noted events and conditions indicate a material uncertainty which may cast significant doubt on the Company's ability to continue as a going concern.

These condensed interim consolidated financial statements do not reflect the adjustments to the carrying amounts of assets and liabilities, to the reported expenses and to the financial position classifications that would be necessary if the going concern assumption was inappropriate. These adjustments could be material.

2. BASIS OF PREPARATION

Basis of Presentation and Measurement

These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34") as issued by the International Accounting Standards Board ("IASB") and under the historical cost method, except for certain financial instruments measured at fair value.

These condensed interim consolidated financial statements should be read in conjunction with the Company's annual consolidated financial statements for the years ended December 31, 2020 and 2019 which have been prepared in accordance with IFRS as issued by the IASB. The accounting policies and methods adopted are consistent with those disclosed in the Company's consolidated financial statements for the years ended December 31, 2020 and 2019, except as noted below. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending December 31, 2021 could result in restatement of these unaudited condensed interim financial statements.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the condensed interim consolidated financial statements are disclosed in the Company's consolidated financial statements as at and for the years ended December 31, 2020 and 2019.

Accounting standards effective for future periods

There are no IFRS or IFRIC interpretations that are not yet in effect that are currently expected to have a material impact on the Company.

Shining Tree Property, Ontario

In 2011, the Company vested an option agreement with Skead Holdings Ltd. ("Skead"), with respect to 139 claim units (5,680 acres or 2,299 ha), situated in Churchill, MacMurchy and Asquith Townships in Ontario (the "Shining Tree property"). In March, 2018, the Company settled a cumulative overdue advance royalty payment by issuance of 292,307 common shares to Skead in connection with the Shining Tree property. The settlement comprised an aggregate amount of \$73,000, which included a \$35,000 cash payment. The Company now holds a 100% interest in the claims subject to a 3% NSR and advance royalty payments of \$10,000 per year commencing in April 2019. Advance royalty payments for 2019 and 2020 have been paid.

3. EXPLORATION AND EVALUATION ASSETS (Continued)

Shining Tree Property, Ontario (continued)

Further Platinex may eliminate the requirement for future advance royalty payments by making a one-time advance royalty payment of \$100,000. Two thirds of the 3% NSR may be reduced by payment of: \$75,000 for each one-quarter percent for the first one-half percent; \$150,000 for each one-quarter percent for the second one-half percent; \$250,000 for each one-quarter percent for the third one-half per cent, and; \$400,000 for each one-quarter percent for the final one-half percent (\$1.75 million in aggregate). If Skead wishes to sell the residual royalty interest the Company retains a right of first refusal to purchase the NSR. On May 10, 2012, the Company acquired a lease (40 acres, 16 ha) from Gary John McBride for 200,000 shares of the Company. The lease is central to the Shining Tree property.

The Company entered into two agreements in August 2016 and a further five agreements in November 2016, January 2017, March 2017, April 2017 and June 2017 and staked claims in December 2016 which significantly expanded the size and potential of its Shining Tree gold property. Platinex has entered into an option agreement with Skead and Ashley Gold Mines Limited, with respect to certain claims situated in Churchill, MacMurphy and Asquith Townships, in Ontario. Platinex has the right to acquire a 100% interest in the 54 claim units and a 50% interest in a further 8 claim units (991 ha or 2,480 acres), subject to a 2% NSR, by issuing 200,000 shares of Platinex (issued in 2016), and by making cash payments (or share equivalent) of \$95,000 and by incurring property expenditures of \$500,000 during the ensuing four-year period to August 17, 2020 (the "Skead-Ashley option"). The Skead-Ashley option was in arrears by \$30,000 (subsequently settled, see below). Platinex also entered into an agreement with two prospectors to purchase a 100% interest in four claims comprising 20 claim units (320 ha or 800 acres) in Churchill, MacMurphy and Asquith Townships, in Ontario by issuing 400,000 shares of Platinex (issued in 2016). Platinex subsequently entered into five agreements with one prospector to purchase a 100% interest in: ten claims comprising 70 claim units (1,120 ha or 2,800 acres) for 398,000 shares on November 3, 2016 (issued in 2016); four claims comprising 43 claim units (688 ha. or 1,720 acres) for 71,429 shares on January 25, 2017; eight claims comprising 96 claim units (1,536 ha or 3,840 acres) for 86,705 shares on March 30, 2017; 21 claims comprising 267 claim units (4,272 ha or 10,680 acres) for 391,250 shares on April 20, 2017 and 9 claims comprising 127 claim units (2,032 ha or 5,080 acres) for \$5,000 and 436,190 shares on June 20, 2017. Platinex also staked claims comprising 45 claim units (720 ha or 1,800 acres). Six claim units were subsequently included in the Skead Agreement. On December 12, 2017, the Company issued 138,888 shares to Skead and Ashley Gold Mines Limited to satisfy a portion of a \$25,000 option payment on the Skead-Ashley option.

In January and March 2019, the following amendments were made to the Skead-Ashley option agreement:

- (i) The \$25,000 option in arrears was increased to \$30,000 and due on January 18, 2019 through the issuance of shares (issued);
- (ii) Final option payment of \$30,000 (payable in cash) due August 1, 2019; (amended see below)
- (iii) Year 3 expenditures of \$150,000 due on or before August 17, 2020; (amended see below)
- (iv) Year 4 expenditures of \$200,000 due on or before August 17, 2021. (amended see below)

On April 12, 2019, the Company closed a transaction for the assignment of its ownership rights, under an option agreement with Skead and Ashley Gold Mines Limited with respect to a 50% interest in claim L4212960, to Goldeye Explorations Ltd., a subsidiary of Treasury Metals Inc. The terms include proceeds of \$25,000 received in cash and a 1% NSR royalty on 50% of the claim. The residual requirements of Platinex under the Skead-Ashley option were accordingly amended to:

- (i) Final option payment of \$28,000 (paid);
- (ii) Year 3 expenditures of \$140,000 due on or before August 17, 2020; (waived)
- (iii) Year 4 expenditures of \$186,667 due on or before August 17, 2021.(completed)

3. EXPLORATION AND EVALUATION ASSETS (Continued)

Shining Tree Property, Ontario (continued)

On October 28, 2019, the Company announced that it had entered into two Letters of Intent to acquire two prospective claim groups adjoining its Shining Tree property in Churchill and MacMurchy Townships, Ontario.

The first Letter of Intent ('LOI') with Skead is with respect to 19 cell claims and one fractional claim. It is intended to include these claims in an existing royalty agreement (3% NSR) with Skead and to provide Skead with staking costs of approximately \$1,000. The LOI also calls for the inclusion of two legacy claims held solely by Platinex in the Skead royalty agreement. Platinex is currently renegotiating terms to include more claim units in the agreement with Skead, but exclude the two legacy claims held by Platinex.

The second LOI with a partnership represented by Joe B. Hinzer involves 8 cell claims in Churchill Township. This LOI contemplates entering into a definitive agreement to acquire 100% interest in the Dirks-Hinzer Property subject to an agreed royalty, reimbursement for past exploration and completion of a favourable due diligence by Platinex. Terms are being negotiated whereby Platinex would provide a purchase payment of shares of Platinex for the 8 cell unit property, include up to a 2% NSR and undertake to do further exploration on the property.

For the year ended December 31, 2019, the Company assessed the impairment indicators under IFRS 6 and has recorded a write-down of \$96,723 due to the lack of budgeted resources available and committed to the property.

On July 24, 2020, the Company announced that pursuant to the terms of the mining investment agreement (the "Purchase Agreement") dated July 15, 2020 between the Company, Treasury Metals Inc. ("Treasury") and its wholly-owned subsidiary Goldeye Explorations Limited, the Company has acquired an aggregate of 208 unpatented mining claims located in the Shining Tree District, Northern Ontario (the "Mining Claims") and three net smelter royalties (the "Royalties").

In consideration for acquiring the Mining Claims and the Royalties (the "Acquisition"), Platinex issued to Treasury 12,500,000 common shares ("Consideration Shares") of Platinex and 5,000,000 non-transferable common share purchase warrants ("Consideration Warrants") of Platinex. Each Consideration Warrant entitles Treasury to purchase one common share of Platinex at a price of \$0.05 per share for a period of 24 months from the date of issue. If Treasury exercises the Consideration Warrants on or before September 1, 2020, it will receive an additional non-transferable common share purchase warrant (a "Secondary Warrant") for each Consideration Warrant exercised. Each Secondary Warrant entitles the holder to purchase one common share of Platinex at a price of \$0.20 per share for a period of 24 months from the date of the closing of the Acquisition. The Secondary Warrants provide that Treasury shall not exercise the Secondary Warrants if such exercise would result in it owning 20% or more of the issued and outstanding common shares of Platinex.

The Consideration Shares were valued at \$750,000 based on the share price on July 15, 2020. The Consideration Warrants issued were assigned an aggregate fair value of \$210,000 using the Black-Scholes option pricing model with the following assumptions: share price of \$0.06, dividend yield 0%, expected volatility 194%, risk-free rate of return 0.27% and expected life of 2 years.

The parties have agreed that the Consideration Shares will be placed in a voluntary escrow agreement, with 25% (3,125,000 Consideration Shares) to be released on the 12th, 15th, 18th and 24th month anniversaries of the closing of the Acquisition. Treasury has agreed to support and vote for the recommendations of the Company's management at all shareholder meetings of the Company held during the time that the Consideration Shares are held in escrow. As at December 31, 2020, 12,500,000 Consideration Shares were held in escrow.

3. EXPLORATION AND EVALUATION ASSETS (Continued)

Shining Tree Property, Ontario (continued)

The Royalties consist of a 100% interest in three royalty agreements, consisting of (i) a 2% net smelter royalty in respect of the Sonia-Puma Property held by Minera Goldeye Chile Limitada (which has been acquired by Newmont Goldcorp); (ii) a 1% net smelter royalty in respect of nine mineral claims forming part of the McFaulds Lake Project held by AurCrest Resources Inc.; and (iii) a 2% net smelter royalty in respect of 29 mineral claims located in MacMurchy Township, Ontario held by Golden Harp Resources Inc.

Pursuant to the terms of the Purchase Agreement, Treasury has agreed to exercise a minimum of 3,000,000 Consideration Warrants on or before September 1, 2020. Prior to September 1, 2020, Treasury exercised 3,000,000 Consideration Warrants for proceeds of \$150,000, and the 3,000,000 common shares were issued to Treasury in November 2020. In connection with the exercise of the Consideration Warrants, 3,000,000 Secondary Warrants were issued to Treasury. The 3,000,000 Secondary Warrants were assigned an aggregate fair value of \$129,000 using the Black-Scholes option pricing model with the following assumptions: share price of \$0.06, dividend yield 0%, expected volatility 202%, risk-free rate of return 0.24% and expected life of 1.87 years. The value of the Secondary Warrants was included in share capital as share issue costs. Treasury has the right to participate in future financings which may be conducted by Platinex in order to allow it to maintain its pro rata equity interest in Platinex for a period of 24 months from the closing of the Acquisition. The Purchase Agreement also provides Treasury with the right to appoint one nominee to the board of directors of Platinex for a period of two years.

On August 14, 2020, Skead Holdings Ltd and Ashley Gold Mines Limited waived the requirement for Platinex to conduct and file \$140,000 of assessment work prior to August 17, 2020. On December 4, 2020, Skead-Ashley accepted that the Year 4 expenditures had been incurred which resulted in the vesting of the option and the claims were duly registered in Platinex's name.

4. LOAN PAYABLE

In May 2020, the Company received a government guaranteed loan of \$40,000 to help with operating costs during COVID-19. The loan is interest-free until December 31, 2022. 25% of the loan amount is eligible for forgiveness provided that the Company pays back 75% of the loan on or before December 31, 2022. If the Company does not repay the loan by December 31, 2022, the loan may be converted into a 3-year term loan at an interest rate of 5%.

5. SHARE CAPITAL (Continued)

For the period ended June 30, 2020

- (i) On January 28, 2020, the Company completed a second interim closing of its non-brokered private placement of 700,000 units for aggregate gross proceeds of \$21,000. Each unit consisted of one common share and one common share purchase warrant. Each warrant entitles the holder to acquire one common share at an exercise price of \$0.075 for a period of 24 months from issuance.

The relative fair value of the warrants issued was \$7,000 using the Black-Scholes option pricing model with the following assumptions: dividend yield 0%, expected volatility 164%, risk-free rate of return 1.48% and expected life of 2 years.

- (ii) On March 3, 2020, the Company completed the final closing of its non-brokered private placement of 400,000 units for aggregate gross proceeds of \$12,000. Each unit consisted of one common share and one common share purchase warrant. Each warrant entitles the holder to acquire one common share at an exercise price of \$0.075 for a period of 24 months from issuance.

The relative fair value of the warrants issued was \$4,000 using the Black-Scholes option pricing model with the following assumptions: dividend yield 0%, expected volatility 152%, risk-free rate of return 0.97% and expected life of 2 years.

For the period ended June 30, 2021

- (iii) During the six months ended June 30, 2021, 844,000 warrants were exercised for gross proceeds of \$52,200.

- c) Commitment to issue shares:

During the year ended December 31, 2018, the Company entered into an agreement to settle a portion of consulting fees in common shares of the Company. As at June 30, 2021, the amount to be settled was \$59,679 and is included in accounts payable and accrued liabilities.
