

Platinex Inc. Closes First Tranche of Private Placement

Toronto, Ontario, March 10, 2023 – **Platinex Inc.** ("**Platinex**" or the "**Company**") (CSE:PTX) is pleased to announce that it has completed a first tranche of its previously announced private placement raising proceeds of \$1.25 million. The financing was announced on February 6, 2023, part of a binding heads of agreement with Fancamp Exploration Ltd. ("**Fancamp**") (TSXV: FNC) with respect to advancing the exploration and development of certain gold mineral properties owned by the parties located in the Timmins, Ontario mining camp (the "**Transaction**") (see press release dated February 6, 2023, for further details).

As part of Transaction, Fancamp will subscribe for 9.5% of the issued and outstanding shares of Platinex. The balance of the financing will occur in tranches including proceeds from Fancamp's subscription and from additional investors raising approximately \$2.5 million. The Transaction including the financing is expected to close on or about March 13, 2023.

The TSX Venture Exchange has provided its conditional acceptance of the Transaction in respect of Fancamp's participation. The FT Offering and Non-FT Offering are subject to receipt of all necessary regulatory approvals including the Canadian Securities Exchange.

Platinex Financings

To date, Platinex has raised \$720,500 of units ("**Units**") at a price of \$0.04 per Unit by issuing 18,012,500 Units (the "**Non-FT Offering**"). The Company also raised \$530,550 of flow-through units (the "**FT Units**") at a price of \$0.045 per FT Unit (the "**FT Offering**") by issuing 11,790,000 FT Units. The Company has increased its Non-FT Unit Offering from \$1.5 million to \$2.0 million.

Each Unit is comprised of one common share of the Company and one half of one common share purchase warrant, with each whole warrant exercisable into one common share of the Company at a price of \$0.055 at any time on or before the date which is 60 months from the closing of the Non-FT Offering.

Each FT Unit is comprised of one common share of the Company to be issued as a "flow-through share" within the meaning of the *Income Tax Act* (Canada) (each, a "**FT Share**") and one half of one common share purchase warrant (each whole such warrant, a "**Warrant**"). Each Warrant shall be exercisable into one non-flow-through common share of the Company at a price of \$0.055 per share at any time on or before the date which is 60 months after the closing date of the FT Offering. The Warrants will be subject to an acceleration clause requiring the exercise of the Warrants if the Platinex share price closes on the Canadian Securities Exchange at \$0.15 or greater for 20 consecutive trading days.

The gross proceeds of the FT Offering will be used by Platinex to incur eligible "Canadian exploration expenses" that will qualify as "flow-through mining expenditures" as such terms are defined in the *Income Tax Act* (Canada) (the "**Qualifying Expenditures**") related to the gold projects including the Shining Tree Properties and Swayze Properties on or before December 31,

2024. All Qualifying Expenditures will be renounced in favour of the subscribers effective December 31, 2023.

These shares and warrants comprising the FT Units, and the Non-FT Units are subject to a hold period of four months and one day until July 3, 2023, in accordance with applicable securities laws.

The Company may pay finders fees on subscriptions.

About Platinex Inc.

Platinex Inc. creates shareholder value through the opportunistic acquisition and advancement of high-quality projects in prolific Ontario mining camps. The Company is at the exploration and evaluation stage and is engaged in the acquisition, exploration and development of properties for the mining of precious and base metals. Current assets include a 100% ownership interest in the W2 Copper-Nickel-PGE Project and a 100% interest in the 225 sq. km Shining Tree Gold Project in the Abitibi region of Ontario, a world-renowned gold district. Both projects are district scale. The W2 Project controls one of the major Oxford Stull Dome complexes including the Lansdowne House Igneous Complex. The Shining Tree Project covers over 21 km of the Ridout-Tyrrell deformation zone that trends as far west as Newmont's Borden Mine, through the area of IAMGOLD's Cote Gold deposit, and across Aris Gold's Jubly Project. The Company is also developing a net smelter return royalty portfolio and current holds royalties on gold, PGE, and base metal properties in Ontario.
